Once you have selected all transactions you would like to apply the EDORDA to, select the **Apply Account** dropdown, and select the desired EDORDA from the options.

After selecting the EDORDA, you will receive a message pop-up indicating that the changes were applied.

Note: You must enter the EDORDA for at least **one** transaction within the report to get it to appear as an option in the **Apply Account** dropdown.

Please also note that if you use a designation combination in the EDORDA strand, you will have to click into each transaction and enter that designation coding in the **Designation** field.

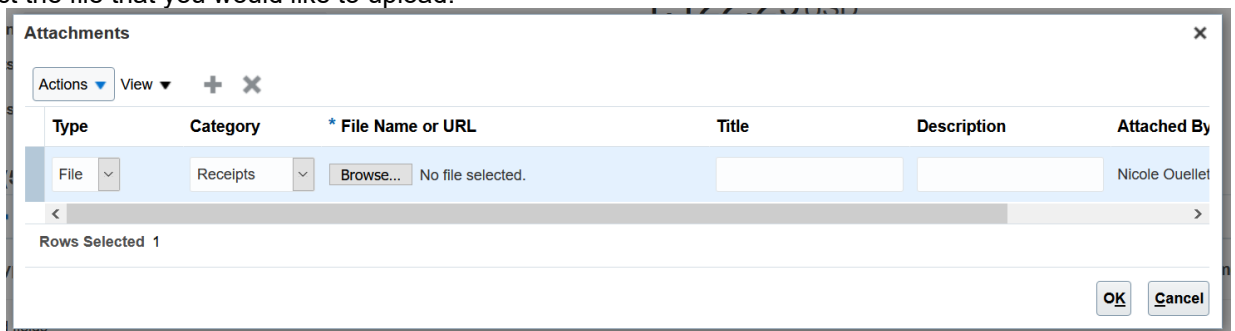

On the landing page of the specific expense report, you also have the ability to add an attachment to the report as a whole rather than to the individual transactions.

The bulk receipt file option should be used only for multiple receipts/ invoices from the same merchant (e.g. multiple facilities invoices/ receipts from F.W. Webb)

Select the **+** icon next to **Attachments** at the top of the page. A pop-up will appear where you will be able to select the file that you would like to upload.

3.1 Attaching a Bulk Receipt File

Note: When attaching bulk files of receipts/ supporting documentation, ensure that all receipts are organized and can clearly be matched to the expense line that it corresponds with.

NOTE: Do not attach any receipts/ supporting documentation that include any PII (personal identifiable information – e.g. SSNs, addresses, telephone numbers, etc.)

4.1 Submitting the Expense Report

Once all details have been added to the transactions, and all receipts for expense items in excess of \$25 have been attached, you will want to submit the report.

Prior to submitting, you will need to check the box indicating 'I have read and accept the corporate travel and expense policies.'

After checking that box, select **Submit** to route the expense report for approval.

Save **Submit** Cancel
