If you do not search for your supplier and choose to register them directly, you are adding more workload to the Accounts Payable's queue, thereby creating a longer turnaround for other suppliers to be approved. This will also create a longer turnaround for all suppliers to be paid. <i>It is always important to search first.</i></p> </div>  <p>The screenshot shows the Oracle Procurement Home Page. - If you do not choose Remit To, you will not be able to create an invoice.

Add your supplier contact to the address by scrolling down choosing "Actions" and then "Select and Add" sign.
